## 1. Chapter 1

Snotlouts POV

As I saw the outcast ships sailing towards berk he was thinking on what to do. Should he run and hide like a big baby or should he find out why they were there. He decided to go with the second plan so he ran down to the ship. Only Mildew new this but the outcasts came to get the dragon conqueror and that was hiccup. Mildew also knew that Snotlout had eaten some berries that made him hate the first person that he saw and that was hiccup. As Snotlout ran down to the beach he thought of how popular he would be if hiccup was gone. If he got rid of hiccup toothless wouldn't be able to fly so Hookfang would be the most ferocious dragon in the academy. Just then Snotlout arrived at the beach.

"so why are you guys here?" he asked

"Were looking for the dragon conqueror have you seen him?" they replied.

'Oh you mean hiccup"

"No I mean a man 10ft tall with a strength of a dozen men. The guy who killed the red death."

Yeah hiccup."

No like a man like Stoick."

"Hiccup."

Never mind I'll find someone else to help me."

"Ok do what you got to do but everyone else will say what I said. As he walked away I heard him mutter kids.

"I heard that." I yelled after him.

\*\*I hope you liked it this is my first httyd fanfiction. :)\*\*

## 2. Astrids Needs

As Hiccup made another axe after toothless had "destroyed" the armory Astrid came up and kissed him.

"What was that for?" hiccup muttered.

" I punched Spitelout in the arm and I need some weapons to fight him off," she replied " Either that or you can reason with him."

You know Spitelout hasn't been a goodie goodie give me a hug sort of uncle. He'd rather throw axes at me."

"If you do it I'll tell you how to make toothless fly faster."

"Fine here are 2 axes but be careful."

"Aren't I always, your amazing!" she yelled over her shoulder.

End  
file.
